WFSA

The World Forum
on Shooting Activities

THE WFSA MISSION

THE WORLD IS CHANGING, AND THE TRADITIONS OF HUNTING AND SPORT SHOOTING ARE NOT IMMUNE TO THE SHIFTING TIDES OF THE GLOBAL POLITICAL ENVIRONMENT.

The WFSA is an international association of national hunting, shooting, and industry organizations. Founded in 1996, the WFSA has members all over the world, and represents over one hundred million hunters and sport shooters on six continents. The WFSA is an official United Nations Non-Governmental Organization (NGO). It is one of the few NGOs in the world to have been invited to speak before every one of the five committees of the UN General Assembly.

The WFSA is a pro-active advocacy organization, working in concert with international bodies, national governments and regulatory authorities, for the worldwide promotion and preservation of hunting and sport shooting activities. Chartered under Belgian law, the World Forum has a noble purpose: to promote fact- and science-based solutions to the many complex issues related to firearms possession and use. This is fostered by a passion to protect what is best for society and preserve our cherished heritage for future generations.
